Wisconsin Clean Cities Champion Award
Wisconsin Smart Fleet 2.0

Wisconsin Smart Fleet 2.0
A new & improved program by Wisconsin Clean Cities

What does it mean to be a smart fleet?

Smart Fleet 2.0 aims to make a substantial difference for fleets striving to reduce their carbon footprint.

Smart Fleet 2.0 members complete a three step process:

1. Fleet Analysis: Create an action plan about their vehicles and equipment, internal processes and incentives, fleet compliance, and fleet performance.

2. Fleet Analysis: Create an action plan about their vehicles and equipment, internal processes and incentives, fleet compliance, and fleet performance.

3. Fleet Analysis: Create an action plan about their vehicles and equipment, internal processes and incentives, fleet compliance, and fleet performance.
